LEGISLATIVE COUNSEL'S DIGEST

SB 121, as amended, Liu. ~~Special education: incarcerated minors. Pupils: foster children: special education.~~

*Existing law requires a pupil who is placed in a licensed children's institution or foster family home to attend programs operated by the local educational agency unless the pupil is entitled to remain in his or her school of origin, the pupil has an individualized education program requiring placement elsewhere, or the pupil's parent or guardian, or other person holding the right to make educational decisions for the pupil, determines that it is in the best interests of the pupil to be placed in another educational program.*

*This bill would require that if the pupil's parent or guardian, or other person holding the right to make educational decisions for the pupil, makes that determination, he or she shall provide a written statement to that effect to the local educational agency.*

*Existing law provides that no local educational agency shall refer an individual with exceptional needs residing in a licensed children's institution or foster family home to a nonpublic, nonsectarian school unless the services required by the individualized education program of the pupil can be assured and that before a local educational agency places an individual with exceptional needs in, or refers an individual*

to, a nonpublic, nonsectarian school, the school district, special education local plan area, or county office of education shall initiate and conduct a meeting to develop an individualized education program.

This bill would specify that these pupils shall not be referred to, or placed in, a nonpublic, nonsectarian school unless their individualized education programs specify that the placement is appropriate, or they are placed in the nonpublic, nonsectarian school by their parent or guardian, or other person holding the right to make educational decisions for the pupil. This bill would also specify that the meeting that is required to take place to develop an individualized education program shall be conducted pursuant to specified provisions. To the extent this bill would require local educational agencies to perform additional duties, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

~~Existing law requires every individual with exceptional needs who is eligible to receive special education instruction and related services, as specified, to receive that instruction and those services at no cost to his or her parents or, as appropriate, to him or her.~~

~~This bill would state the intent of the Legislature to improve special education services for incarcerated minors.~~

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~-yes.  
State-mandated local program: ~~no~~-yes.
